

HEREFORD HEALTH CENTER - HEREFORD, TX

PROGRAM REQUIREMENT

The Texas State Department of Health needed to expand its Spine Clinic located at the Hereford Hospital immediately, with the intent of relocating the building to a new location at a later date.

DESIGN SOLUTION

Working with the health officials and physicians, Satellite Shelters created a design solution to complement the existing architecture and ensure easy pedestrian flow from the main building. Vaulted ceilings and skylights make the space as open and bright as possible. The modular nature of the clinic minimized construction and maintenance costs.

BUILDING FEATURES

- 14,000 square feet
- Vaulted ceilings and skylights
- Covered entry way
- Physician suites
- Texas Department of Health administration offices
