

HART PUBLIC SCHOOLS - HART, MI

PROGRAM REQUIREMENT

Hart Public Schools needed a technology ready building to serve as four-year swing space. Budget constraints jeopardized the ability of the school to provide adequate classrooms. The building construction had to be completed between school sessions.

DESIGN SOLUTION

Working with educators, Satellite Shelters developed a solution that provided more classroom space. The integration of modular technology and an industry leading project management process aided in meeting an incredibly short deadline.

BUILDING FEATURES

- Multi-classroom complex with center corridor and restrooms
- Independently controlled HVAC system
- Individually colored carpeted classrooms based on room function
- Sound reduction insulation and wall coatings
- Wood exterior painted to blend with existing colors on the school campus
- Simplified utilities reduced cost while speeding up project delivery
