Hand Sanitizer Pump & Refill Bags

Adding a hand sanitizer dispenser to your Mobile Office unit or Blast Resistant Module is a simple way to keep your building clean and help decrease the spread of germs and bacteria. Hand sanitizer and dispensers are available for purchase for the life of your rental contract. When your contract is up, keep your dispenser and any left over sanitizer to use again! It's recommended that you have a dispenser at each entrance / exit to your unit to ensure proper sanitizing. Ask your local Satellite representative for more information on adding a Hand Sanitizer Pump to your next Mobile Office.
